

SAFETY RECALL OF KID COMFORTS

We are voluntarily recalling a portion of the Kid Comfort child carrier backpacks sold in the US between March 2023 and February 2025.

We have identified an issue with the carrier in which the hinges on the foldable rear kickstand support leg can crack or break, posing a fall hazard. While no injuries have been reported, deuter is initiating this voluntary recall out of an abundance of caution to our consumers.

The recall is limited to Kid Comfort child carriers of the following models and production/date codes that end with the following four digits:

Style	Model #	Color	Production Code ends In...
Kid Comfort	3621221	Maroon	...0123
Kid Comfort	3621221	Forest	...1223
Kid Comfort Pro	3621321	Midnight	...0123
Kid Comfort Active	3621121	Teal	...0423 or ...1223

The production/date codes can be found on a tag inside the main storage pocket at the bottom of the carrier. It will look like this:

Year - 22 denotes 2022

Date changes introduced: Month - 02 denotes February

If you own a Kid Comfort with one of the above models and production codes stop using it immediately and scan the QR code to begin the return procedure.

***This recall is being conducted in cooperation with the
U.S. Consumer Product Safety Commission
Post until September 5, 2025***

deuter USA
