

Seedless Watermelon

SaltStick® FASTCHEWS® is the first chewable electrolyte tablet in the marketplace.

FASTCHEWS features a scientifically-derived, proprietary high-performance formulation that provides a balanced supply of bioavailable sodium, potassium, magnesium, and calcium. Sodium is derived from sodium citrate, a proven source that has the added benefit of soothing the stomach. The formulation mirrors the electrolyte profile lost in sweat, in a form and quantity the body can absorb. Its non-GMO ingredients are all natural, gluten-free, vegetarian, and without artificial sweeteners or colours.

Rapid absorption takes place by mouth (buccal mucosa, and then the stomach). Ease of access is assured in a convenient moisture-resistant flip-top dispenser-container of 60 tablets or in resealable packets of 10 tablets.

- Helps **Reduce Muscle Cramping, Reduce Heat Stress, Boost Stamina, Maintain Electrolyte Levels.**
- The **ONLY** chewable tablet that is formulated to closely resemble the electrolyte profile lost in sweat.
