# ORCA SPLIT

**ALL MOUNTAIN - DIRECTIONAL**

- THE ULTIMATE DIRECTIONAL PILLOW BLASTER SPLIT
- POW AND BACKCOUNTRY
- EASY TO USE HIGH TENSION KARAKORAM ULTRA CLIPS

Your favorite power fish has just been filleted into a fast climbing adventure vehicle. A long floaty nose and wide body float pow efficiently and effortlessly. The powerful poppy contact maximizing "whale tail technology" maneuvers with agility in steep or tight technical terrain and hooks up solidly when things get tight and icy out there. Built in our ultra-light SC construction with FSC certified aspen and paulownia core this Orca moves well through gravitational forces. A rugged, fast sintered base, 3-D integrated tip inserts and Karakouram ultra clips round out this whale of a split board.

**T.RICE ORCA SPLIT SPECS**

SIZE (cm)	CONTACT LENGTH (cm)	SIDE CUT (m)	NOSE/ TAIL WIDTH (cm)	WAIST WIDTH (cm)	STANCE* Min-Max / Set back
156	113	7	30.8 / 30.1	26.5	17"-24" / 1.5"
159	115	7	31.1 / 30.2	26.7	17"-24" / 1.5"

**BOARD ART BY: Mike Parillo (@mikeparillo)**

Magical mirrored prismatic refractory Orca interpretations as seen through the mind and hands of Mike Parillo. This year's Orca eye patch base is that of our beloved local K-Pod resident "K-12 Sequim" mother of last year's "K-37 Rainshadow" Orca. Mervin is located in Sequim in the "Rainshadow" of the Olympic Mountains so these Apex salmon eaters are near and dear to us.

**T.RICE ORCA SPLIT CONSTRUCTION:**

**SC SPLIT CONSTRUCTION [SC]**  
LIGHTER • ENVIRONMENTALLY NICE • TOUGHER

- CORE: 5% ASPEN / 95% PAULOWNIA
- GLASS: FIBER REINFORCED INSERT ARRAY. TRI-AX / BI-AX
- TOP: ECO SUBLIMATED BIO BEANS TOP
- BASE: SINTERED KNIFE CUT BASE
- THIN TIP AND TAIL (LIGHTER)

- BIRCH INTERNAL SIDEWALLS
- UHMW SINTERED SIDEWALLS
- UHMW TIP/TAIL IMPACT DEFLECTION
